

MICHAEL ANGELO P. FERNANDEZ

michaelangelofernandez.O1082000@gmail.com | 09556884334 | Pinugay, Baras Rizal 1970

Professional with strong organizational, communication, and problem-solving skills. Experienced in working within professional environments through internship experience, providing technical support and assisting with daily operational tasks. Demonstrates adaptability, attention to detail, and the ability to work effectively both independently and as part of a team. Eager to contribute to organizational success while continuously learning and developing professionally.

EXPERIENCE

Information Technology Operations Intern (On-the-Job Training) Oct 2025 – April 2026
Concentrix Philippines

- Managed IT Asset Inventory: Monitored, logged, and audited hardware assets (PC workstations, monitors, peripherals) and software licenses, ensuring 100% accurate tracking and organized asset lifecycle records.
- Provided Tier 1 Technical Support: Diagnosed and resolved hardware, software, and basic network connectivity issues for internal employees to minimize operational downtime.
- Streamlined Workstation Deployment: Assisted in preparing, imaging, and deploying IT equipment and peripherals for incoming staff and site setups.
- Supported IT Operations & Maintenance: Partnered with the IT Operations team on routine system audits, hardware maintenance, and infrastructure troubleshooting in a fast-paced corporate environment.

PROJECTS

FieldCheck: Mobile Geofenced Attendance Verification App for Field-Based Workers

Capstone Project

- Participated in the design and development of a mobile-based attendance verification system utilizing geofencing technology.
- Assisted in requirements analysis, UI/UX design, system testing, and documentation.
- Collaborated with team members to ensure functionality, usability, and project objectives were achieved.
- Applied problem-solving and technical skills throughout the software development lifecycle.
